**Period for Reply**

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

**Status**

### **DETAILED ACTION**

The amendment filed on 09/14/05 in response to the office action of 08/09/05 is acknowledged.

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

**Claims 1-4** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The expression "wherein the vertical alignment lines are spaced further apart from one another than ball position lines of said first set of ball position lines are spaced apart from one another" in claim 1 lines 7-10 is not clear. What is spaced apart from one another?

#### ***Claim Rejections - 35 USC § 103***

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

**Claims 1-4, 6, 8-13, and 15-25** are rejected under 35 U.S.C. 103(a) as being unpatentable over Dionne et al. (US Patent No. 5,645,494) in view of Hicks (US Patent No. 5,275,570).

Dionne discloses an instructional golf mat comprising a foot placement grid and a gridless ball placement area (see Figs. 3a-3d). Dionne does not disclose a sight line, a

first and second sets of spaced apart ball position lines. Hicks discloses one set of ball position lines (see the markings on elements 16 in Fig. 1) and he discloses a second area that has spaced apart ball position lines (see the markings on element 14 as shown on Fig. 1). It would have been obvious to one of ordinary skill in the art to combine the mat of Dionne as disclosed in the embodiment shown on his Fig. 3 and the teaching of Hicks that discloses the use of gridless area with ball position lines in order to eliminate bad swing habits resulting from a poor alignment (as stated in column 1 lines 28+ of the Hicks' reference). Regarding the Hicks device missing a second spaced apart ball position element (14), it would have been obvious to one of ordinary skill in the art when combining the teaching of Dionne with Hicks to provide a mirror image marking of element 14 to the opposite side of the mat in order to make the Dionne's mat usable for both right-handed and left-handed golfers.

Regarding claims 8 and 10, providing a mirror image of the gridless ball placement area in the Dionne device as modified above would have been obvious to one of ordinary skill in the art in order to utilize the mat in alternating positions, and this will extend the life time of the mat by minimizing the wear and tear of the mat.

### ***Response to Arguments***

Applicant's arguments with respect to claims 1-4, 6-13, and 15-25 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
